1. Introduction

- The Public Works Department is in-charge of majority of the road network in the state. An efficient network of utility services is a prime requirement today. In view to regulate the activity of providing utility services on roads and Government Land, Public Works Department has adopted “ Online e-Permission of utility services system “.
- This system will receive Online application for permissions along with required documents.
- The application received will be checked for feasibility with joint inspections.
- The relevant fees will be collected Online.
- Online approval from the concerned Approving Authority.
- Online generation of Permission Letter.
- To speed up the process of Permission to lay Utility Services, simplified online process is proposed as below :

2. Process Analysis and Flow Diagram of ePermission :

3. Use Cases : The applicant can apply from any website given below :

- www.mahapwd.com
- MAITREE portal
